

Important Information Regarding COVID-19

As the growing impact of COVID-19 is felt across Australia, and the situation is constantly evolving we will be monitoring and taking advise as it comes to hand, whilst maintaining the service we are known for.

Given the nature of our business we are highly focused on the health, wellbeing and safety of our clients, suppliers, our team and their families.

Whilst we are attending your property to either deliver or collect hire equipment, we will ensure we:

1. keep a minimum distance of 1.5 metres between yourself and our installer
2. refrain from making physical contact such as shaking hands with anyone

In addition, please let us know if you or any other persons on site, have before delivery, during the hire period and upon collection of all hire goods if anyone :

1. developed Coronavirus (COVID-19)
2. returned from overseas in the past 14 days
3. been in close contact with a confirmed Coronavirus (COVID-19) case in the past 14 days

In addition to our normal procedures all hire products are quarantined for 12 hours prior to cleaning and rehousing.

Thank you and we wish you and your family good health and safety during these times
